

Introducing Hitch™ by Sima, the fastest way to transfer audio, video, photos, and more between any 2 USB devices.

Hitch™ is a unique digital accessory that lets you transfer files on the go- NO COMPUTER REQUIRED! Just connect any combination of digital media players, digital cameras, flash drives, or other USB devices, and use Hitch™ to choose what you want to transfer. It's that easy - whether a single file, an album, or an entire collection, Hitch™ does it fast. Anywhere, Anytime. Hitch™ is compatible with virtually all brands of digital cameras, iPod* and other digital audio and video players, USB flash drives, and more. USB 2.0 means speedy transfers- get the files you need, fast.

USB2.0 Transfer Times

*Song (4mb)- 5 Seconds
Album (15 songs)- 80 seconds
